AWARDS

February, 2022

XopunTech

Employee of the Month

EXPERIENCE

Software Engineer

XopunTech India PVT. LTD | January 2022 - PRESENT

- I am currently working on a live project for a UK-based client. In this role, I have been responsible for designing, developing, and implementing complex software solutions using a variety of technologies (React, JavaScript, Material UI, React Router, etc).
- In addition to my technical skills, I also have experience working in an Agile development environment. I have participated in sprint planning meetings, and daily stand-ups to ensure that the team is on track and meeting its goals.

UI Developer Intern

Prakrika Technology (P) Ltd. | August 2019 - November 2019

- I had the opportunity to work on the development of the company's landing page using HTML, CSS, JavaScript, and jQuery.
- I also implemented Firebase back-end services to collect user data through a form on the landing page.

PROJECTS

Gaming Dice: E-commerce Web App.

[Live - Source code](#)

- This website is built using Next JS, Sanity, and Stripe Payment integration.
- With Modern design, animations, the ability to add and edit products on the go using a CMS, all advanced cart functionalities, and complete integration with Stripe so that you can cover real payments.

The Movie Tone: Movie Search Web App.

[Live - Source code](#)

- This website is built using React and OMDB API for learning purposes.
